The 2022 Little League® International Congress Agenda will be reviewed in a panel format utilizing Little League International Staff and current District Administrators. The panel will review each topic thoroughly to identify areas of concern and discuss ways to modify regulations and policies that will avoid potential abuses that come with programmatic changes.

TACTICAL INSTITUTIONAL CHANGES

PROPOSED TACTICAL CHANGE #1 – LEAGUE BOUNDARIES

Overview:
Local League Boundaries were established to create a community-based program while maintaining competitive balance. Over time, the definition of community has changed, and the Little League® International Charter Committee has processed more than 4,083 out-of-boundary waiver requests in the last two years, proving that families desire more flexibility to select the program they feel is best for their family. It has also been established through our electronic mapping system that boundary population differs drastically from state-to-state and district-to-district and does not play as large of a role in creating competitive balance as originally intended.

Proposal:
Any player, regardless of age, that is registering in the Little League program for the first time is eligible to register in any Little League program.

Player Registration system
- All players will register through a central registration system, confirming league participation.
- Players will not be required to provide proof of residency or school enrollment
- League will be responsible for verifying league age

Any player that elects to switch leagues will require a release from the league they last participated. Once released, the player will be eligible to participate in a new league with red shirt eligibility, followed by full eligibility for the duration of the player’s career with Charter Committee approval.

DISCUSSION POINTS: During this session we will discuss ways to identify areas of concern and discuss ways to modify regulations and policies that will avoid potential abuses that come with programmatic changes. For example, we will review how will this change impact Regulation II(d)? What will the procedure be if a league accepts an intact travel team of players league age 12 into the league for the first time? Will siblings be permitted to play in a league where another sibling is playing? What happens if a player decides to change leagues?

PROPOSED TACTICAL CHANGE #2 – TEENAGE DIVISIONS

Overview:
The Teenage Divisions of Little League make up 7% of the overall Little League program. The evolution of youth baseball and softball in the teenage divisions has shifted from a traditional community-based structure to more regular tournament play and individual showcase style events.

Proposal:
Create a new structure that will allow each state organization the authority to organize itself using approved Little League age structures and playing rules. This new structure would require less regulations, oversight, and provide flexibility from Little League International.

The change in structure would still allow for a traditional tournament trail in all teenage divisions, complete with Region and World Series Tournaments provided players meet the minimum regular season participation requirements determined by each State Organization.
DISCUSSION POINTS: During this session we will discuss operating procedures to administering this program. For example, how will tournament eligibility be determined for all leagues and players?

PROPOSED TACTICAL CHANGE #3 – D.A. SELECTION SYSTEM

Overview:
District Administrators play a key role within the Little League Organization. Currently, District Administrators are elected by local leagues to a four-year term. Elections are administered locally by D.A.s and staff and are limited to people within the local Little League network, resulting in little to no change to district performance.

Proposal:
Develop a system that will replace traditional District elections. The new system would allow District Administrators to be appointed by Little League Officials with input from elected State Directors. Only districts that are up for election or have a current vacancy would follow this procedure with the goal of identifying strong Little League volunteers and community leaders to administer the Little League program in an effort to improve performance in underperforming areas.

RULE AND REGULATION CHANGES

PROPOSED RULE AND REGULATION CHANGE #1 – REGULATION I (A) (3), REGULATION III (C), AND REGULATION IV (A)

- Proposed Change: Permit leagues to operate a 3- to 4-year-old Tee Ball Program
- Proposed Wording Change
  - Regulation I (a) (3) – The League
    - (a) (3) The Tee Ball division is an extension of the local league to accommodate participants league ages 3-7 and may utilize the batting tee or the pitched ball (by a coach). The league may opt to deliver a designated number of pitches to all batters and then utilize a tee if necessary.
  - Regulation III (3) (c) – The Teams
    - (3) (c) **Tee Ball**: Local league must establish the age structure for the Tee Ball Division. Players league age 3 and 4 are eligible ONLY for Tee Ball, unless otherwise approved by the Charter Committee. Players league age 3 are only eligible to participate if the league structures a Tee Ball Division for players league age 3 and 4. **EXCEPTION**: Participants league age 5 and 6 are permitted to advance to Minor League Coach Pitch or Machine Pitch after participation in Tee Ball for one year. Participants league age 6 are permitted to advance to Minor League Player Pitch Division after participation in Tee Ball for one year, provided the maximum age limit in the division is league age ten (10). Players must be assessed by the league as capable of participation at that level. A player listed on a Tee Ball Roster shall not be permitted to play with a Minor League team.
  - Regulation IV (a) – The Players
    - **Tee Ball Division**: Any candidate with amateur status who will attain the age of 3 before September 1, 2022, and who will not attain the age of 8 on or before August 31, 2022 shall be eligible to compete in the Tee Ball Baseball Division (subject to the local league Board of Directors alignment of this division). This means that a participant who will be 8 years old on September 1 or later is eligible to play that year; a participant who will be 8 years old on August 31 or earlier will not be eligible at any time during the calendar year in question.

Synopsis: This allows local leagues the ability to offer a program for players as young as 3 without requiring a waiver from the Charter Committee. This change will also allow local leagues a chance to utilize alternate methods of play to support a more innovative way to operate this division to better serve younger players.

• Proposed Change: Modify the requirement to attend 50% of player evaluations to attend one league-scheduled player evaluation event
• Proposed Wording:
  o **(f)** Majors/Intermediate (50-70) Division/Junior/Senior League: Any candidate failing to attend at least 50 percent of the spring tryout sessions, shall forfeit league eligibility unless an excuse is presented which is accepted by a majority of the Board of Directors.
  o All other parts of this regulation remain unchanged for the Tee Ball and Minor Leagues and the Note

• Proposed Wording Change – Rule 3.09
  o Managers or coaches must not be permitted to warm up a pitcher at home plate or in the bullpen or elsewhere at any time.
  o Important will also be to clarify this potential change to include not only in-game warm-ups, but pre-game warm-ups. As written, the rule does include “any time” to include both situations, but clear language identifying such may be beneficial.
• This change would be for Regular Season and Tournament Play for all divisions of Baseball and Softball.

Synopsis: This would aid in efforts to improve the pace of play by allowing adult coaches to warm up pitchers.

  o If after (3) innings [Intermediate (50-70) Division / Junior / Senior League: four innings], two and one-half innings [Intermediate (50-70) Division / Junior / Senior League: three and one-half innings] if the home team is ahead, one team has a lead of fifteen (15) runs or more, the manager of the team with the least runs shall concede the victory to the opponent. If after four (4) innings [Intermediate (50-70) Division / Junior / Senior League: five innings], three and one-half innings [Intermediate (50-70) Division / Junior / Senior League: four and one-half innings], if the home team is ahead, one team has a lead of ten (10) runs or more, the manager of the team with the least runs shall concede the victory to the opponent. If after five (5) innings [Intermediate (50-70) Division / Junior / Senior League: six innings], four and one-half innings [Intermediate (50-70) Division / Junior / Senior League: five and one-half innings], if the home team is ahead, one team has a lead of eight (8) runs or more, the manager of the team with the least runs shall concede the victory to the opponent.
  o NOTE: (1) If the visiting team has a lead of fifteen (15), ten (10), or eight (8) runs or more respectively, the home team must bat in its half of the inning. (2) The local league may adopt the option of not utilizing this rule. A game determined by the 15-run rule, the 10-run rule, or the 8-run rule shall be considered a regulation game.
• This change would be for Regular Season for all divisions of Baseball and Softball.

Synopsis: This would revise the run rule for all divisions of play during the regular season.
